Ryan Merrill

Ryan is a wonderful student in my Algebra 2 class. She brings with her a positive attitude, patience, and perseverance. As a freshman taking a higher-level math course, she managed to excel in class in getting all A’s in every unit tests and homework. She paid close attention to every detail in class and never hesitated to ask questions. She truly deserved to be recognized for Academic Excellence and I believe that she will continue to do extremely well in math throughout high school.
