

# Shaping Alaska's Future

## Academic Excellence in English Language Acquisition Program

### Mikhaela Daguio

*Mikhaela is a student who enjoys thinking and finding connections to new ideas. She is also very driven. In addition, her inquisitive nature has helped her make great academic gains this semester. Out of all of my students, Mikhaela's writing has improved the most. She has the highest average in all of my classes and consistently produces high quality work. I expect great things from her. I have enjoyed teaching and learning from Mikhaela.*
