

Shaping Alaska's Future

Academic Excellence in Social Studies

Autumn McCarthy

The qualities that show Academic Excellence include relentless work hard, always striving to be the best they can be, and setting the bar high for themselves and those around them. For the Spring semester in 2019, the freshman who best demonstrates these qualities is Autumn McCarthy. I am recognizing her for Academic Excellence in Social Studies. In my Civics class, Autumn has been an outstanding student and leader of her peers. She holds herself to a high standard and does not settle for less, always working to complete her work at the highest level, setting the example for the rest of the class and constantly raising the effort of those around her. With the right mindset, open and eager to learn, Autumn has been constantly worked to be the best she can be! It was my distinct pleasure to work with such an amazing young woman, and best of luck in the future.
