

Shaping Alaska's Future

Academic Excellence in Language Arts

Cecelia Pfeffer

It is with pleasure that KHS's English Department nominates Cece Pfeffer for the Sophomore Academic Excellence recognition. Although we have many talented and bright Comp & Lit students, Cece stands out amongst them. Cece is not afraid of hard work, in fact, she tries harder when confronted with obstacles. Some may view her as diminutive in stature and fragile, but she is a powerhouse. One only has to look into Cece's eyes and a brilliant curiosity and fierceness comes through. Cece does high quality work and has taken on the challenge of Honors Comp & Lit this semester. Furthermore, Cece goes beyond what is required of her academically in class to be a friend, a helper, and an encourager to those around her. She is an exemplary student who we hold in high regard, and it is my pleasure to be her English teacher.
