Academic Excellence in Spanish

Donavyn Koehler

I am pleased to recommend Donavyn Koehler for academic excellence in Spanish. Donavyn has been a standout student from day one. She has an incredible talent for language acquisition and is an amazing example to her peers. She is a patient and competent student who does impeccable work. Don't let her quiet exterior fool you, she's got a salsa dancer emoji within. She is willing to participate in the learning and silliness of class and her attention to detail is unparalleled. She is a joy to have in class. I look forward to continuing to learn with her.
