

**Alaska Department of Education & Early Development - School Finance  
FY2011 District Operating Fund Budget**

**Instructions:**

- ⇒ Please be as accurate as possible in providing the requested data and check figures on final copies before submitting them to the department. **Do NOT include cents.** Include personnel full-time equivalent's (FTE's) for each salary listed in the expenditure functions.
- ⇒ Any required fund, function, or object code that is not applicable to your district, leave blank.
- ⇒ Please code according to the required codes AND DESCRIPTIONS in the State of Alaska Chart of Accounts 2000 Edition so your budget will not have to be returned to you. The Chart is on our website at <http://www.eed.state.ak.us/publications/COA2000.pdf>
- ⇒ This spreadsheet automatically calculates totals after each activity, then automatically fills the operating fund budget summary on page 2. In order to use the spreadsheet capabilities, save this internet version to your computer and open the saved document through your Excel program. Many cells are protected against input. Use the Tab key to navigate through the document to complete the budget.
- ⇒ The district ADM for FY2011, upon which the budget is based, may or may not be the same as submitted for the initial projections.
- ⇒ The department has added two new revenue object codes, 056 & 057, for the purpose of recording TRS and PERS on-behalf revenue. The full amount of the TRS and PERS on-behalf from all funds must be recorded in the operating fund. The district is to calculate the functional break-out in order to allocate the related on-behalf expenditure.
- ⇒ The department has updated the fund balance sections on the operating fund budget summary on page 2. The district will need to manually record the beginning and ending unreserved and reserved fund balances.

FY2011 School Operating Fund Budget TRS/PERS Functional Breakdown**

Kodiak Island Borough School District  
District Name

The department has added two new required revenue object codes, 056 and 057, for the purpose of recording TRS and PERS on-behalf revenue. The full amount of the TRS and PERS on-behalf from all funds must be recorded in the operating fund. The district is to calculate the functional break-out in order to allocate the related on-behalf expenditure.

The district is to use the following allocation method for breaking out the TRS by function.

- 1) To calculate the TRS on-behalf amount take the difference between the Board Recommended Rate and the Effective Rate and multiply the difference by the total district wide TRS payroll from all funds. You will now have the total dollar amount of the TRS on-behalf for all funds.
- 2) Divide the (total district wide TRS payroll by function from all funds) by the (total district wide TRS payroll from all funds) to derive a percentage of total district wide TRS payroll by function.
- 3) The total district wide TRS payroll by function percentage is multiplied by the total TRS on-behalf to come up with the total TRS on-behalf by function to be recorded in the operating fund.

The district is to use the same methodology for recording total PERS on-behalf. The TRS and PERS on-behalf allocations are to be recorded in the schedule below and also included in the employee benefits in each function. The total on-behalf employee benefits by function should reconcile to the total on-behalf revenues recorded from page 4.
